

# HANDS OFF IRAQI OIL!

**Demonstrate at the Shell AGM**  
8.30am-12noon, Tuesday 15th May 2007

**Join Iraqis in the UK to tell Shell: Keep out of Iraq!**

Shell has played a major role in influencing Iraq's controversial new Oil Law, which would allow long-term contracts with foreign oil companies to be signed while Iraq is still under occupation. The law was drafted in secret with the help of the US and UK, big oil companies, and the International Monetary Fund. It is expected to be passed in the next few months. Ordinary Iraqis have had no say.

**Help resist the rip off Iraq's oil wealth, and the theft of Iraq's future.**

**Novotel Hotel, Hammersmith**

1 Shortlands, London, W6 8DR. Nearest tube: Hammersmith
